SUMMARY

Computer Science student specializing in Information Systems, skilled in React.js, HTML5, CSS3, Bootstrap, and JavaScript (ES6+). Experienced in building responsive, interactive web applications with dynamic state management, API integration, and reusable components. Passionate about creating efficient, user-friendly interfaces, improving user experience, and solving real-world problems through code.

EDUCATION

Bachelor of Computer Science - Information Systems, **Assiut University**

2026

TECHNICAL SKILLS

- **Front-End:** React.js, HTML5, CSS3, Bootstrap, JavaScript (ES6+), JSX, Hooks
- **State Management:** React Context, useState, useEffect
- **Programming:** Java, C++, C
- **Database:** MySQL, Firebase (basic)
- **Tools:** Git, GitHub, VS Code, Figma
- **Concepts:** Responsive Design, OOP, Component-Based Architecture, API Integration

PROJECTS

To-Do List Application | JavaScript, HTML5, CSS3 | [Live Demo](#) | [GitHub](#)

- Built responsive task management app with add, complete, and delete functionality
- Implemented local storage for data persistence across sessions
- Features dynamic updates and task filtering without page reload

Fetching Data Application | JavaScript, HTML5, CSS3 | [Live Demo](#) | [GitHub](#)

- Built application that fetches and displays data from external API
- Implemented async/await for API calls with comprehensive error handling
- Created responsive interface for data visualization and user interaction

Simon Memory Game | JavaScript, HTML5, CSS3 | [Live Demo](#) | [GitHub](#)

- Developed interactive pattern recognition game with progressive difficulty levels
- Created responsive design compatible with desktop and mobile devices
- Implemented sound effects and visual feedback for enhanced user experience

Kitabk Mobile App | UI Design, Figma | [View on Behance](#)

- Designed mobile application for book readers with focus on user experience
- Created 10+ screens including onboarding, home, and reading interfaces
- Developed comprehensive design system with consistent colors, typography, and components

CERTIFICATIONS

- Front End Course (JS & React) – SEF Academy | 2025
- UI/UX Course (Figma) – ITI | 2025
- ICPC Newcomers Training – Problem Solving with C++ | 2023-2024
- Database Training – ITI | 2023
- Web Development – HTML5 & CSS3, ITI | 2023

LEADERSHIP & VOLUNTEERING

Head of Human Resources | A Human for Good – Led 15 volunteers to organize 3 charitable events, increasing participation by 40%
